Shape Homework Years 3 and 4.

**This week we have been looking at 2D and 3D shapes.
Draw each of these shapes into your homework books.
Remember to label the shape you have drawn and use a
ruler to be accurate.**

1.   Draw a shape that has 4 equal sides.

2.   Draw a shape that has 3 equal sides.

3.   Draw a shape that has four corners.

4.   Draw a shape that has no corners.

5.   Draw a shape that has five sides.

6.   Draw a shape that has six corners.

7.   Draw a shape that has three corners.

8.   Draw a shape that has one face.

9.   Draw a pattern using 4 squares and 4 triangles.
       Count all the corners.

10.   Draw a pattern using 2 squares, 2 triangles and two
       circles. Count all the corners.

Extension tasks:

1. If the shapes became 3D what would they look like?
   Have a go at drawing and labelling their 3D shape
   counterpart. Can you name their properties? Try BBC
   bitesize   to   help   you:
   http://www.bbc.co.uk/guides/zgqpk2p
2. Go on a shape hunt and find as many 2D and 3D
   shapes as you can around your home and garden.

Don't forget to also practice your 7 times tables!
