

Dear Families,

Thank you for a lovely week. This week the children have continued their learning of dinosaurs. The children have thoroughly enjoyed making nests out of shredded wheat and chocolate and writing the steps they took to do so. The children have also had the opportunity to weigh dinosaurs, make dinosaur eggs with playdough and paper Mache balloons to make eggs.

In phonics this week, we have learned the sounds:

ure

ture

ue

Please do try these at home - and of course try to read as much as possible - particularly those tricky words!

For Home Learning this week we would like the children to have a go at the tasks below. We'd loved to see some pictures of them doing the tasks.

- Can you stand on one leg? Which leg is easier?
- Can you catch a large ball?
- Can you jump and land on two feet?
- Can you go over something, around something and under something?

As we mentioned last week we will be going on a trip to Rosemoor on Friday 10th March. If any of you are interested in coming along on the trip with us, please provide us with an email address so we can contact you with the details. A DBS check will be required for all those coming on the trip.

Many thanks! Have a lovely weekend,

The Reception Team
